<b>Step Up Option:</b> During the term of your Step Up Certificate of Deposit(CD), you are permitted to make a <b>one-time</b> request to adjust your interest rate at your discretion. Your request to adjust your interest rate is limited to the rate in effect for the Step Up CD at the time of your request. You must make such a request <b>in writing on a form we will provide</b> . When you elect to exercise the Step Up Option, the new interest rate will be paid for the remaining term of your account. A one-time interest rate increase will not extend the original maturity date of your account. Interest rates are not tied to an index. Interest rates are established at the discretion of Mound City Bank. Mound City Bank makes no guarantee that you will ever be able to exercise this option since we have no way of predicting future interest rates. Minimum deposit and minimum balance of \$5,000 to receive the current interest rate. The daily balance method calculates interest applying a daily periodic rate to the principal in your account each day. A penalty may be imposed on the amount withdrawn before maturity. Interest on the 30 Month Step Up CD is compounded and credited quarterly and at maturity. A withdrawal will reduce earnings. Rate effective as of December 5, 2016.
